9. [] BRIEFING Escorted Hal Ford, Senate Select Committee on Intelligence staff, to a meeting with [] SE Division, which was called so that Ford could review some [] reports on China. I did not attend the meeting. Ford also asked me for Intelligence Community studies on quality of reports on China. One he understood is prepared regularly by the DDO, the other recently by the IC Staff.

10. [] LIAISON Met with David Shaw, Senate Select Committee on Intelligence staff, and mentioned the impending FOIA briefing before the Subcommittee on Administrative Practice and Procedure, Senate Judiciary Committee. Shaw said he did not believe Senator Richard G. Lugar (R., Ind.) would be interested in attending as he knows nothing whatsoever about FOIA, but that he, Shaw, would try to attend. Shaw also pointed out to me a troublesome section in the Executive Order now being drafted to replace E.O. 11905. I thanked Shaw for this and agreed to bring this to the attention of Agency personnel working on the Executive Order.

11. [] LIAISON Met with J.C. Argetsinger and Paul Summit, on the staff of the Senate Judiciary Committee, regarding S. 1566, the electronic surveillance legislation, which has not yet been reported from the Committee. The staff members informed me that Senator Edward M. Kennedy (D., Mass.) was the prime mover of the bill and he could be expected to request full Committee action within the next couple of weeks. Apparently a number of amendments are to be offered, including some by Senator James Abourezk (D., S. Dak.) on behalf of the ACLU, but the staff members were unable to give me copies of the as yet unprinted amendments.
